RETROSPECT : SSTS 2023

OUR PARTNERS

RECAPPING SUCCESS

The event's core objectives included providing a dynamic platform for knowledge exchange and networking, showcasing the latest trends and innovations in the fields of steel structure, infrastructure, and construction, and fostering collaboration among attendees, sponsors, and exhibitors. With a total attendance of 210 participants, including 21 distinguished speakers and 8 exhibitors, SSTS 2023 was instrumental in bringing together industry experts, enthusiasts, and professionals. The conference program featured a comprehensive agenda with a total of four sessions, including an inaugural session and three subject-oriented sessions. These sessions delved into crucial topics such as "Innovation in Steel Structure" and "Advancements in Steel Structure in Construction & Infrastructure Industry," culminating in an interactive panel discussion.

The exhibition segment saw active participation from prominent industry players, including Jindal Steel & Power, Shyam Steel, Satya Steel, Jindal Stainless Steel, Tata Bluescope Steel, DIAMANT Triumph Metallplastic, and Bidaal, collectively contributing to the event's success.

Feedback from attendees highlighted a high level of satisfaction, with notable strengths identified and constructive feedback received, which will be instrumental in shaping future iterations of the event. Recommendations included enhancing marketing and promotional efforts, diversifying session topics for broader appeal, and exploring virtual or hybrid event options.
